The truth seen through Intersectional lenses

Sofija Getova
Climate crisis is real (?)
They came like this.

You can’t stay home if there is no home.

Веднаш !!!
Climate crisis is intersectional issue

These battles, the small fights happening, all the different protests, movements, will only be won when people are seen as multi-faceted in their social identities—intersectionality.
We need to be introspective about who’s voices need to be emphasized !!!!
5 MIN REFLECTION TIME!

Close your eyes and unlock your imagination.

Think about your surroundings, your community.

Imagine you are in the year of 2030...... what do you see around yourself?
Thank you!
